Our Services

▶ ***Custom Tailor Made Systems***

- ▶ We at Swifect, is our core-believe that our tailor-made systems are designed specifically for you and you only; making sure that every single module, feature and even the tiniest details of the user experience, are designed and tailored for you, so that everything has meaning and used to its fullest extent

▶ ***Packaged Products***

- ▶ We offer a wide range of software product for your needs that is ready to install and use

▶ ***SAP Business One Implementation & Support***

- ▶ We are also senior experts in implementing SAP Business One. Do contact us for further inquiries

Custom Tailor Made Systems (Background)

▶ **DATA SECURITY AND QUALITY**

- ▶ Sharing data across functional silos such as customer service, sales, marketing and business development enhances collaboration throughout a company

▶ **IMPROVED EFFICIENCY**

- ▶ Along with reduced IT and training costs, an ERP can reduce the time and effort required by your workforce to carry out their daily activities

▶ **STANDARDIZED BUSINESS PROCESS**

- ▶ Most ERP systems are developed according to industry best practices. This allows businesses to standardize their own processes and systems, which further enhances productivity and efficiency

Packaged Products – SWI Human Resource

► **COMPREHENSIVE MASTER DATA**

- Our HR System has a comprehensive employee master from personal information, history and so on. Our system can also accomodate and process hundreds to thousands of employee data

► **PRIVACY**

- Salaries and wages are personal, we make sure that the data is yours and can be seen by employees who are given access

► **DETAILED & ACCURATE PAYROLL**

- Our systems make sure that out of all the factors that affect the salary amount is calculated quick and accurate

Packaged Products – SWIERP

▶ **SWIFECT ERP SYSTEMS**

- ▶ ERP systems are an asset for many organizations. They make your business run smoother by unifying and protecting your information, automating processes, and producing easy-to-understand reports. We also combine our knowledge and familiarity in customs during import and export and have worked with numerous bonded zone companies to help them conform to the terms and conditions set by the Indonesian Customs. Below are also several of the biggest ERP benefits when implementing this type of software.
- ▶ **FOCUSED IT COSTS**
- ▶ **SUPERIOR SCALABILITY**
- ▶ **IMPROVED REPORTING & PLANNING**
- ▶ **DATA SECURITY AND QUALITY**
- ▶ **IMPROVED EFFICIENCY**
- ▶ **STANDARDIZED BUSINESS PROCESS**

SWIFECT
